abeo-Dussumieri for aquaculture diversification

Path tracing of the Chandrayaan-3 Rover

Standardisation of artificial diet for fall armyworm

CURRENT SCIENCE

Volume 128 Number 6

25 March 2025

542 **In this issue**

EDITORIAL

- 543 **Urbanization and sustainable urban development**
S. K. Satheesh and K. Krishna Moorthy

CORRESPONDENCE

- 545 **Performance of human-wildlife conflicts compensation scheme in Karnataka, India**
Bakthavachalam Elango; *Response by* Naveen Kumar Naik, P. Venkatesh, D. R. Singh, Alka Singh, M. Balasubramanian, G. K. Jha, V. Sangeetha and D. K. Sharma

NEWS

- 548 **Current Science Reports**
- 552 **Leveraging plant physiology: innovations in plantation crops inspired by food crops and model systems**
S. V. Ramesh, Murali Gopal and K. B. Hebbar

OPINION

- 554 **Agroforestry in achieving Amrit Kaal Vision 2047: insights on wood resource sustainability and development**
S. Sarath, Sajitha Siril, N. N. Shahina and P. V. Nikhil

COMMENTARY

- 556 **Diet composition and habitat suitability of rainbow trout streams in Western Ghats, South India: an ecological study**
Walter Devaa, Marimuthu Muthukatturaja, Chellaiah Balasubramanian and U. Ramesh

GENERAL ARTICLE

- 558 **Path tracing of the Chandrayaan-3 Rover from OHRC images**
Kannan V. Iyer, Medha S. Alurkar, Ajay Kumar Prashar, K. Suresh and Amitabh

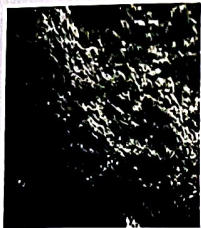

RESEARCH ARTICLES

- 562 **Methodology for assessment of biogas technology usage in the hilly regions of Himachal Pradesh using CART model on survey data**
Rajinder Kumar, Gurpreet Singh, Kaustav Aditya, D. K. Vatsa, Vishakha Butail, Bharti, R. S. Rana and Achala Aggarwal
- 570 **Growth dynamics analysis of cauliflower in Himachal Pradesh**
Lalenpuii, Ravinder Sharma, Niyati Thakur, Pinaki Roy, Anirban Mukherjee and Kumari Shubha
- 578 **Prevalence, diagnosis, treatment and control of hypertension, diabetes and their co-occurrence, and its correlates in India using NFHS-5 data**
Maya Singh and Gyan Prakash Singh
- 590 **How do marketing channel choices affect the welfare of paddy growers in Punjab and Haryana**
Vinita Kanwal, Bitan Mondal, Arti and Jaspal Singh

599 **Reproductive interventions for revitalising the sustainable production of Malabar labeo, *Labeo Dussumieri*, an indigenous candidate for aquaculture diversification**
B. L. Chandana, C. P. Abhilash, K. R. Saikrishnan, Charan Ravi, Uttam Kumar Sarkar and V. S. Basheer

608 **Understanding the impact of urbanisation on wetlands using random forest machine learning algorithm in Google Earth Engine: a case of East Kolkata Wetlands, India**
Tanmay Mondal and Preeti Onkar

618 **Kinetics, isotherms and thermodynamics of Cu(II) metal ions adsorption: an insight into chitosan and bentonite**
Sarita Joshi, Bhupender Singh and R. K. Srivastava

627 **Standardisation of artificial diet for fall armyworm, *Spodoptera frugiperda* (J. E. Smith) mass culturing to accomplish research needs of management strategies**
J. N. Prithiva, S. Jeyarani, J. Indhumathi, N. Sathiah, V. Baskaran, T. Srinivasan and P. S. Shanmugam

◀ COVER. Embryonic development of *L. dussumieri*. See page 599.
