## India needs inclusive healthcare to sustain health growth - employment

### Health Check

Combined health spending declines to **1.17%** of GDP in FY24

Govt has set target of **2.5%** of GDP for 2025

5 of 17 states to spend over **1.5%** of GSDP on health in FY24

Health research accounts for **3.3%** of Centre's health expenditure

**Better healthcare system is essential for the nation**

**This sector can open pandora of employment & growth**

#### STRATEGIES :

Develop public hospital & healthcare in Urban & Rural

Promote and incentivise private hospital and health care unit

Reduce health insurance premium and inclusive coverage of past diseases and outdoor treatment

Digital Health - Scale Ayushman Bharat Digital Mission (ABDM)

**“ You must keep a strict eye on your Health: Let everything else be subordinated to that. ”**

— Swami Vivekananda
