## CONTENTS

### *Research Articles*

- |   |     |
|---|-----|
| Processing of ochre from Daitari Iron ore mines, Singbhum Craton, eastern India for optimum utilization<br>Jayant Kumar Sahoo, Deepak Nayak, Patitapaban Mishra, Shivakumar I. Angadi, Somnath Khaoash & Birendra Kumar Mohapatra | 527 |
| Innovations in water quality management using machine learning approaches<br>Shivangi Bharadwaj, Ashok Kumar Gupta, & Anil Kumar Sahu   | 536 |
| Rutting and fatigue performance of high-dosage crumb rubber modified bitumen<br>Gajendra Kumar, R K Tomar, & Farhan Ahmad Kidwai  | 552 |
| Comparative assessment of airport pavement condition using PCI and ACN-PCN methods<br>Hamid Noori, & Raju Sarkar  | 562 |
| Electrification and its influence on trip rates and vehicle choice in urban freight -Case study of Delhi<br>Aleti Upendra Kumar, Chalumuri Ravi Sekhar, Kayitha Ravinder, & Minal Chandra   | 581 |
| Evaluating the performance of soil nailing in slope stability under complex conditions<br>Prashant Ramteke, & Anil Kumar Sahu   | 588 |
| Numerical investigation for performance evaluation of In-filled materials in vibration screening<br>Kumar Shashi Bhushan, Anil Kumar Sahu, & Rajeev Goel  | 607 |
| Sustainable dielectric substrates for microstrip patch antennas: A comparative analysis<br>Niketan Kumar Mishra, Sneha Gupta, Jayesh Rai, & Mayuri Verma  | 625 |
| Probabilistic analysis of cracking moment of ferrocement flexural members<br>K. Balaji Rao, & Prakash Desayi  | 634 |
| <b><i>Rapid Communication</i></b><br>Asymmetric Magnetoresistance and Topological Hall Effect in MnZnSb single crystal<br>Jai Dev, Navneet Kumar Karn, Surinder Pal Singh, Ajay Kumar Shukla, & Pallavi Kushwaha                  | 655 |
