On the cover

America's AI power grab

Uncle Sam has become the gatekeeper to frontier AI—a new source of extraordinary leverage: leader, page 7. Anthropic, the cult-like firm that is battling with the Trump administration for control of frontier models: briefing, page 15. How Europe must respond to America's AI warning shot: By Invitation, page 13

Iran: aftermath of a flimsy deal

Donald Trump takes a huge gamble: leader, page 9. War has strengthened the Islamic Republic. Peace could split it, page 36. No one yet knows if this deal can do more than pause the bombing and restart the oil, page 37. Republicans are keen to move on from Iran, page 28

Brexit, ten years on After a lost decade, it is time to focus on the future: leader, page 8. A special Britain section on how Brexit has, and has not, changed the country, after page 45. In the EU Brexit was followed by a modest shift towards federalism, page 41

Can America's carmakers stay relevant? America's carmakers cannot escape competition from Chinese EVs for ever, page 55

Finding a cancer master switch

How a promising pancreatic-cancer drug could spawn a new class of treatments: Well Informed, page 71
